NATIONAL AGRICULTURAL AND INDUSTRIAL ASSOCIATION OF QUEENSLAND.

SPECIALLY AUTHORISED SOCIETY.

OFFICERS OF THE ASSOCIATION.

FOR THE YEAR ENDING 1st FEBRUARY, 1904.

Patrons:
His Excellency the Governor-General LORD TENNYSON, K.C.M.G.,
His Excellency Sir HERBERT CHARLES CHERMSIDE, G.C.M.G., C.B.

COUNCIL.

President:
HON. J. LEAHY, M.L.A.

Vice-Presidents:
J. CAMERON, M.L.A.  J. K. STEWART.

Chairman:
JOHN MACDONALD

Hon. Treasurer:
J. A. HAYES.

E. BAYNES  T. F. FAUSET  J. HARDGRAVE  J. IRVING  J. REID

Ex Officio:
DANIEL JONES (Horticultural Society).

Trustees:
Hon. A. S. COWLEY, M.L.A.  R. GAILEY.

Hon. Veterinary Surgeon:
J. IRVING, M.R.C.V.S.L.

Asst. Hon. Veterinary Surgeon:
J. WASHINGTON IRVING, M.R.C.V.S.L.

Hon. Solicitors:
MRS. OSBORNE AND WAUGH.

Secretary:
FRANK BURTT.
LADIES AND GENTLEMEN,

Your Council have pleasure in submitting to you their Annual Report and Financial Statement for the year 1903. You will be gratified to note that the financial result is most satisfactory, and that the past year, including the 28th Annual Show of the Association, was in every respect a successful one.

ANNUAL SHOW.

At noon on Wednesday, August 12th, His Excellency Sir Herbert Chermside, accompanied by Lady Chermside, very kindly performed the opening ceremony in the presence of a large number of visitors. The Show was open from the 11th August (Judging Day) till Friday night, the 14th August. Splendid weather prevailed throughout, and the public visited the Show in great numbers. It is estimated that the attendance on opening day reached 33,000, while the gate takings for the week (£2,457 7s.) very nearly reached the record.

PRIZE SCHEDULE.

In issuing the Prize Schedule prior to the Show two important alterations were introduced. The entrance fees for horses, sheep, and cattle, with one or two exceptions, were fixed at 5s., bringing all stock classes, except swine, to a uniform rate, and being in many cases an increase. The entrance fees in a large number of the Industrial Sections were also raised. It is pleasing to note that the exhibitors readily fell in with the alterations, and the number of exhibits was increased. The alteration had, however, the result of inducing about 33 exhibitors to become members, and also increased the revenue, the amount received from entrance fees being £74 9s. 10d. in excess of 1902. It is worth noting in passing that our entrance fees to members and others are still low as compared with other Australian societies.

NEW SOUTH WALES EXHIBITS.

The restriction hitherto placed on farm and dairy produce—viz., that all exhibits must be of Queensland growth, was this year
removed, and as a result the district competitions were greatly enhanced by the presence of two fine exhibits from New South Wales. The Pastoral and Agricultural Association of Central New England, Glen Innes, and the Clarence Pastoral and Agricultural Society of Grafton, entered, and secured 2nd and 3rd positions. A few single exhibits were also received from New South Wales, and your Council believe that the number will be increased at future Shows.

**COMPARISON OF ENTRIES.**

The following is a comparative statement of entries received during the years 1902 and 1903:

**DISTRICT COMPETITION.**

The following districts were represented in this competition:

Moreton gaining 61 points carrying £66 12 o Prize Money
Glen Innes " 60 "  £65 10 o "
Clarence " 56½ "  £61 13 9 "
Logan " 544 "  £59 5 0 "
Mackay " 43 "  £46 19 0 "
These exhibits formed as usual a very attractive and important feature of the Show, and it is gratifying to know that the Council has already received intimation of similar exhibits being forthcoming for 1904. Our system of allotting points gave every satisfaction.

**STOCK.**

All stock classes, except swine, were, as would be expected, much better represented than in 1902. Horses were a very fine lot, the exhibits in the Draught Sections being excellent. It is pleasing to note that there have recently been several first-class draught entires, including some of the Suffolk Funch breed, imported into this State from England. The Jumping Competitions were of a very high order, the high jump being won by Napoleon at 6 feet 9 inches (6 feet 10½ inches is the record for Australasia). Dairy cattle formed the most prominent feature amongst the live stock exhibits, and were both in number and quality far superior to those of any previous year. In this section the Gatton College entered into competition for the first time, securing a large number of prizes. In the arrangements for the sale of fat cattle this year, a departure from the regular custom was introduced. Hitherto buyers of fat stock were unable to give much attention to the Show on opening day, as the auction sales were held on that day. This year, the cattle were yarded on Tuesday (judging day), and sold on the same day, remaining on exhibition until Wednesday night, when they were allowed to be removed. This plan was found to be eminently satisfactory, and will be continued.

Sheep exhibits, unfortunately, have been gradually becoming fewer year by year, and this year were less than ever, owing to the death of one of our oldest exhibitors, Sir Arthur Hodgson. It is very much to be regretted that the merino sheep breeders should let this important section of the pastoral industry go unrepresented. It may be here mentioned that there have been no exhibits of unscoured wool shown for some years, though classes are regularly inserted in the Prize Schedule.

Angora goats were introduced into the Prize List for the first time, and a few specimens were exhibited.

Swine.—Owing to an outbreak of swine-fever a short time previous to the Show, it was deemed advisable to allow no swine to be exhibited.

Dogs showed an increase over the number exhibited last year, and Poultry also showed a slight increase, pointing to the fact that, in spite of high prices of feed resulting from the drought of 1902, the interest of fanciers has in no way declined.

**FARM AND DAIRY PRODUCE.**

There was a fairly good display of Farm Produce, though we should like to see this section better filled. Dairy produce was plentiful, and the exhibits were of excellent quality. The Gatton College and Westbrook State Farm each made very useful dis-
plays, that of the College being despatched immediately after the
Show to the Melbourne Exhibition, where it interested and aston-
ished Southern agriculturists, proving to be, we are told, the most
attractive feature of that Show.

HORTICULTURE.

Owing to the season for citrus fruits being a very poor one,
the exhibits of fruit were few; whilst Vegetables and Flowers were
about equal to the average.

INDUSTRIAL DIVISION.

This division of the Show was about the same numerically as
last year. Though there was a falling off in the School Section in
point of numbers, the character of the work shown was a decided
improvement. The Fine Art Section contained probably the best
collection of amateur paintings yet exhibited, and an additional
value was given to it by a number of paintings kindly shown by
the Queensland Art Society. The exhibits in the Women's Industry
Section showed a very high order of merit.

Almost every industry and branch of trade was represented,
the sections embracing leather, textile fabrics, pottery, furniture,
and ironware being very prominent. A new feature of the Show
was the best Dressed Hide, which elicited much attention, and it
is hoped a similar competition will be held this year.

The exhibits of Carriages and Vehicles, though undoubtedly
good, were not as a whole up to the usual standard.

Agricultural Machinery covered a large area overlooking the
ring, and was this year the finest display ever seen on our ground.

An exhibit of Dried and Preserved Fruits, shown by the New
South Wales Department of Agriculture, was very much admired,
and showed to what perfection these articles can be prepared.

The Acclimatisation Society exhibited a very interesting col-
lection of economic plants, including tea, coffee, vanilla, pepper,
arrowroot, fruit trees, and all kinds of medicinal plants.

Other exhibits which served to increase the educational value
of the Show were kindly shown by the Blind Institution, the Post
and Telegraph Department, the Port Office, the Technical Colleges,
the Master Plumbers' Association, and the Department of Mines,
the latter producing a splendid exhibit illustrative of the great
mineral resources of the State.

FINANCE.

Coming to the income and expenditure for the year, your
Council are very pleased to report that the membership has very
considerably increased, the amount received in subscriptions being
£844 14s., as against £570 13s. 6d. last year. It is hoped that the
work being done will continue to receive the recognition of the
public, and that every member will use his or her influence to
induce others to become members of the Association, which exists and works purely for the benefit and advancement of the State.

The Membership Roll shows as follows:—

<table>
<thead>
<tr>
<th>Category</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Life Members</td>
<td>69</td>
</tr>
<tr>
<td>Honorary Scientific Members</td>
<td>7</td>
</tr>
<tr>
<td>Ordinary Members</td>
<td>779</td>
</tr>
<tr>
<td>Ladies and Youths</td>
<td>22</td>
</tr>
</tbody>
</table>

There have been two new Life Members added (Messrs. J. Tyson-Doneley and J. S. Badger), and 365 Ordinary Members during the year, whilst 123 have relinquished their membership. The Association suffers through the loss by death of the following members:—His Lordship Bishop Webber, Hon. W. B. O’Connell, Hon. W. G. Power, Hon. W. Forrest, Messrs. Percy Benjamin, Thos. Finney, M. Fitzgerald, and Ernest Winter.

Prize Donations (in money) are not quite up to the amount received in 1902, and are about £50 less than the amount received in 1901. We have no doubt that as the effect of the severe season (1902) wears away, the much-needed support derived through this channel will be substantially increased. Donations towards the Prize List for the coming year are solicited. The total value of prizes offered amounted to £1,553, out of which £434 9s. (including trophies, £62 1s. 6d.) was promised by the public. The thanks of the Association are accorded to all those who so generously contributed to this amount.

Privileges is an item which shows a substantial increase, £621 17s. 9d. being received, against £436 6s. last year.

Receipts from Charges for Space have arisen from £179 to £286 6s., and the Weight Estimating Competition realised £4 18s. more than in 1902. The subject of this competition was a bullock, kindly lent by Messrs. Moore Bros., and the prize a sewing machine presented by the Singer Manufacturing Company, to both of whom our thanks are due.

Receipts from Use of the Grounds during the year have increased by £12 6s. 4d. The Grounds were engaged by the Rugby Football Union for the football season, and the New Zealand match and interstate matches played on it. For the cricket season the Fortitude Valley Cricket Club engaged the grounds, we providing them with practice and match wickets as usual. Several sports gatherings have also been held during the year.

Subsidy.—The Association has received no subsidy from the State for some years, and it holds the unique position of being the only Queensland Agricultural Society (of over 50 members) which does not receive Government assistance of this kind. It is interesting to note the amounts received from their respective Governments by other metropolitan societies, viz.:—Royal, of New South Wales, £861 10s. 6d. (apart from Special Prizes offered by the Government amounting to £342.) Royal, of South Australia, £500.
RENT OF GROUNDS.—Each of these Associations is granted the use, free of charge, of suitable Government grounds, whilst our Association has been paying £400 per annum.

If we were treated with any degree of liberality by our Government, our Association could profitably extend its area of usefulness. As it is, we are somewhat restricted, more especially as we have in view the necessity of expending considerable sums of money to improve the grounds and provide proper accommodation for the public.

Our present Grandstand is almost an eyesore, and we hope at an early date to be able to remove the present building and erect a more suitable one on a site beside the railway line. By such an alteration ground accommodation would be provided for several thousand sightseers.

We do not propose, however, to take any steps unless we can first see our way to provide the necessary funds.

YEAR'S WORK.

A general review of the year's working reveals the following points of interest:—

APPOINTMENTS.

Their Excellencies Lord Tennyson, Governor-General of Australia, and Sir Herbert Chermside, Governor of Queensland, very kindly consented to become Patrons of the Association. To fill a vacancy in the position of Vice-President, Mr. J. K. Stewart was appointed by the Council; Mr. John Macdonald was re-appointed Permanent Chairman, and Mr. J. A. Hayes re-appointed Hon. Treasurer. Mr. J. Hiron was appointed a member of the Council in place of Mr. J. K. Stewart. Lieut.-Colonel J. Irving, Mr. J. Washington Irving, and Messrs. Osborne and Waugh were appointed Hon. Veterinary Surgeons and Hon. Solicitors to the Association respectively. Mr. D. Jones was again appointed by the Horticultural Society as an ex-officio member of the Council.

REGISTRATION AS A SPECIALLY AUTHORISED SOCIETY.

At the Annual Meeting held in February last it was decided that this Association should register under the Friendly Societies Act as a Specially Authorised Society, so as to secure certain advantages. This has been done, and in accordance with the requirements of this Act, the Hon. A. S. Cowley and Mr. R. Gailey were appointed Trustees. In the arrangement of the necessary details entailed in this matter, we wish to acknowledge the great assistance given by the Registrar of Friendly Societies, Mr. R. Rendle.

LIST OF JUDGES.

Recognising the difficulty that country societies find in obtaining the services of qualified judges at their Shows, your Council
undertook the work of compiling a list of approved judges, recommended by the various Societies of the State. This was completed early in the year, and a list has been sent to each Society.

COLD STORAGE OF FRUIT.

An attempt was made to conduct an experiment in the cold storage of fruit, and assistance was promised by the Railway Department. Owing to the scarcity of the required class of fruit, the experiment had to be abandoned.

MOHAIR.

The Association received in October a collection of twenty Angora goat fleeces, through the Department of Agriculture at Capetown, which were given for the purpose by some of the goat-breeders there. Portions of the fleeces have been distributed to the principal Agricultural Societies of the State, and to the Department of Agriculture, and are very much appreciated. A complete set of these specimens can be seen at the Association's rooms, together with a set of photographs of Angora goats, the property of the breeders who sent us the mohair. The photographs were reproduced by the Department of Agriculture from copies sent from South Africa.

IMPROVEMENTS.

During the year various improvements have been effected. When the entries for cattle were received, it was found that there would have to be 76 more stalls erected to accommodate the exhibits. These were run up in a very short space of time, and were in readiness to receive the cattle as they arrived. A neat building was erected near the entrance to the Grounds for the accommodation of Judges and Stewards, which proved a very great convenience. After the Show was over your Council decided that it would be necessary to have the whole of the ring top-dressed, levelled, and drained. A large quantity of soil was procured and laid down, and agricultural drain pipes laid round the inside of the greater portion of the bicycle track. The improvement is very great, and for purposes of sport the ground is in first-class order. The Brisbane Wool-Selling Brokers' Association have found it necessary to make certain extensions on the Northern side of the Pavilion, and these will result in increased floor-space for our next Annual Show. The Acclimatization Society kindly presented this Association with several young Weeping Fig trees, which have been planted on the high ground between the Grandstand and the Pavilion, and which, in due course, will provide a welcome shade. Some of the buildings, including the horse-stalls and Secretary's residence, have been painted during the year, and the greater part of the buildings are in fair order.

OTHER SHOWS.

Your Council has kept in touch with similar institutions, and during the year the following Shows have been visited by officers
of the Association:—Sydney, Toowoomba (Drayton and Toowoomba and Royal), Beenleigh (Logan Farmers' Association), Biggenden, Ipswich, Beaudesert, Townsville, Maroochy, Fassifern, Boonah, Nundah, Zillmere, and Murwillumbah. The Annual Conference at Maryborough, held under the auspices of the Department of Agriculture, was attended by Mr. J. A. Hayes, and at the Conference of the National Sheep Breeders' Association at London, and the Congress of Chambers of Commerce, at Montreal, we were also represented.

Several kindred Societies have availed themselves of the use of the Association's Board Room, which has been placed at their disposal at various times for their meetings.

ACKNOWLEDGMENTS.

Your Council wish to record their appreciation of the generous assistance rendered to them in the work of the year and conduct of the Annual Show, by the Queensland Government Departments of Agriculture, Railways, Mines, Lands, and Police; the New South Wales Department of Agriculture, Brisbane Municipal Council, the Shipping Companies, the Brisbane Tramways Company, Ltd.; Queensland Acclimatisation Society, Queensland Art Society, the Honorary Judges and Stewards, donors of Special Prizes and contributors to the Prize Fund, the Press, and all other helpers. The officials of the Departments and Companies herein mentioned have, throughout the year, and particularly at Show time, given most valuable and courteous assistance; and the Press of the State have always been most willing and anxious to further the progress and aims of the Association.

RETIRING OFFICERS AND MEMBERS OF THE COUNCIL.

The following are the Officers and Members who retire, and at the Annual Meeting you will be asked to elect the required number of gentlemen to fill their places:—

President: J. Leahy, Esq., M.L.A.
Auditor: E. A. Bell, Esq.

With the exception of Messrs. J. Cameron and E. A. Bell, all the above are eligible for re-election.

STATEMENTS.

The audited Profit and Loss Account and Balance-sheet will be found attached hereto, together with lists showing Members of the Association, Donations, Attendances of Committees, Books in the Library, Comparative Statements of Prizes offered and paid, and principal sources of revenue.
IN AUGUST, IMMEDIATELY AFTER THE SHOW, THE RESIGNATION OF THE LATE SECRETARY, MR. A. E. HARTE, WAS RECEIVED WITH MUCH REGRET. IN TESTIMONY OF THE ABLE MANNER IN WHICH HE CONDUCTED THE AFFAIRS OF THE ASSOCIATION, A SOUVENIR, CONSISTING OF A GOLD WATCH AND CHAIN, WAS PRESENTED TO HIM, AND ONE AND ALL WERE EXTREMELY SORRY THAT HE SHOULD HAVE FOUND IT NECESSARY TO SEVER HIS CONNECTION WITH THE ASSOCIATION. APPLICATIONS WERE CALLED FOR TO FILL THE VACANT POSITION, AND OUT OF 78 APPLICANTS, MR. FRANK BURTT, WHO WAS THEN SECRETARY TO THE ROYAL AGRICULTURAL SOCIETY AT TOOWOOMBA, WAS APPOINTED.

I AM, LADIES AND GENTLEMEN,
YOURS FAITHFULLY,

JOHN MACDONALD,
CHAIRMAN.

FOR AND ON BEHALF OF THE COUNCIL.

JANUARY 11TH, 1904.
